

**Eco-Grip Technical Bulletin No. 1**  
**Subject: Eco-Grip Cleaning Instructions**  
**Date: 4/30/2019**

**Our Extended Warranty is a significant selling point for our potential clients. It is extremely important to provide the proper Cleaning Instructions and education to back up our 10-year warranty.**

**These instructions will work in most cases. But what about kitchens that don't have floor drains??**

## **Eco-Grip suggestions:**

- **In most cases, a wet vac can be used to remove standing water.**
- **For large spaces, a walk behind floor scrubber may be used with the 3M green pad.**

**For additional questions, call Gaye Mathusek at [201.481.4302](tel:201.481.4302).**
